

Provider Data Validation

INACCURATE PROVIDER DATA MEANS POOR MEMBER SATISFACTION. CAN YOU RISK IT?

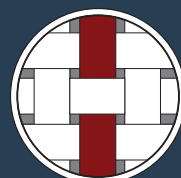

Is incorrect provider data putting you at grave business risks?

- Increased volatility of managing provider information due to complex health plan market place, narrow networks, market expansions and mergers, the Affordable Care Act and other forces
- Risk of member dis-satisfaction and dis-enrollment
- Increased exposure to regulatory sanctions and potential lawsuits

PRIME by Atlas Systems, combines sophisticated technology, well-defined processes and highly trained, specialized staff, to deliver industry-leading accuracy levels, through direct, primary source data validation.

PRIME by Atlas Systems has validated over **500,000** provider data entries for **one of the largest Health Plans** in the US.
